Software Engineering, CPSC-4360-01 and CPSC-5360-01

Assignment 1 (Due Date: Monday, 02/14/2011)

Define the business model of the 'Matching your resume to the best job' project. Describe the use cases as well as the use cases diagram. Show how the use cases can be realized into sequence diagrams for the 'Matching your resume to the best job' project. Describe a feasible domain model and ways to refine it into an analysis class diagram.
