

**Computer Law and Ethics (COSC-3325)**  
**Assessment of Lesson 5**

---

**Exercise 1.** What topics are included in freedom of speech?

**Exercise 2.** Which amendment protects the freedom of speech? Give examples.

**Exercise 3.** What communications media are included by the First Amendment protection and government regulation?

**Exercise 4.** What are the principles of free speech?

**Exercise 5.** What are CDA, COPA, and CIPA? Which one is now applicable?

**Exercise 6.** Do you consider the Internet an appropriate tool for young children? Why or why not?

**Exercise 7.** What is the problem with spam and how the spam communication is handled?

**Exercise 8.** What is the view over the censorship in other countries? Does censorship in other countries have an impact on free speech in the U.S.? How does free speech in 'free countries' impact more restrictive countries?

**Exercise 9.** What regulations are for political campaign using the Internet?

**Exercise 10.** How is the anonymity protected? What problems might occur from anonymity? Where (if anywhere) should laws prohibit anonymity on the Internet?
